DEPARTMENT OF FINANCE AND COMMERCE.

Fort William, the 11th January 1882.

No. 59.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read the undermentioned papers relating to the issue of duplicates of Government Promissory Notes alleged to have been lost or destroyed :—

For the second time—

Proceedings in the Financial Department for the month of September 1873, Accounts, Nos. 6—12, deciding that, as a general rule, duplicate notes should not be issued till after ten years from the last correct advertisement of loss, and then only under direct orders received from the Government of India.

Proceedings in the Financial Department for October 1878, Nos. 772—773, authorizing the Comptroller General to issue duplicates under the rules, taking orders of Government only in exceptional cases.

For the first time—

Letter	from	Comptroller	General,	No. 733,	dated the	23rd April	1880.
,,	to	,,	,,	No. 664,	,,	19th May	,,
,,	from	,,	,,	No. 2614,	,,	28th June	,,
,,	,,	,,	,,	No. 2241 D.,	,,	15th ,,	,,
,,	to	,,	,,	No. 2730,	,,	9th September	,,
,,	,,	,,	,,	No. 2468,	,,	27th August	,,
,,	from	,,	,,	No. 4478D.,	,,	9th September	,,

OBSERVATIONS.—By existing practice, when the applicant for a duplicate note has given evidence of the loss of the original, and has established, by strong *primâ facie* evidence, his title to the note, and has taken the prescribed measures preliminary to the application, a duplicate is issued after the lapse of ten years from the date of the last correct advertisement of the loss on a bond being executed by the claimant and two sureties, indemnifying Government against loss. Meanwhile, interest is allowed to be drawn also under a bond of indemnity.

2. It is found that, as the law at present stands, these measures do not give the Government sufficient protection from loss, as the period of limitation against the possible holder of the original note

runs only from the date on which the note becomes payable; and the date may be many years after the bond of indemnity under which the duplicates have been issued has ceased to be of any practical value.

RESOLUTION.—To protect the State from such double liability, the Governor General in Council has resolved to modify the procedure as follows :—

(1) Every claim to the issue of a duplicate note, in lieu of one alleged to be lost, will be submitted by the Public Debt Office to be provisionally decided by the Comptroller General after at least two years have elapsed from the date of the last correct advertisement.

(2) If there appears to be no objection to the issue of a duplicate note to the claimant, the Comptroller General will record his opinion to that effect, and will direct that interest upon the note be paid to the claimant after execution of a bond of indemnity with two sufficient sureties.

(3) If the note is payable after notice given in the Gazette, the Comptroller General will give that notice, and will (unless any reason to the contrary appears) issue a duplicate note, on indemnity bond as above, six years after the date of payment fixed in such notice.

(4) But if the note is of a loan of which such notice of payment cannot immediately be given, then no further steps can be taken, until notice of payment can be given in accordance with the terms of the loan.

(5) The Comptroller General will publish these notices twice a year, about January and again about July, and will to each such notice append a list showing the numbers of notes already, within the last six years, advertised for payment under this Resolution.

(6) These orders will apply to all notes on which, under existing rules, interest has been ordered to be paid, but of which duplicates have not yet been issued.

(7) No lost note of a loan, which has been ordered for discharge, may be paid until a duplicate note has been issued under the above procedure.

These orders do not apply to stock certificates payable to bearer, of which duplicates may not be issued without special orders of Government in each case.

ORDERED, that this Resolution be communicated to the Comptroller General for information and guidance, and published in the *Gazette of India*.

2. When property, alleged to be the property of the insolvent, is in the hands of third parties, who refuse to surrender it, the Receiver may, with the sanction of the Court, institute a suit for its recovery and he may decline to sue, unless one or more of the creditors consent to give a sufficient guarantee for the cost of the suit. The Court may, from time to time, direct that the property, which may have come to the hands of the Receiver, be sold by private contract or tender or public auction, or partly by one method, and partly by another, and subject to such conditions as the Court may think fit to declare.. Provided that, when an order is made for the sale of immovable property by auction, the sale shall be proclaimed and conducted and confirmed in the manner prescribed by the Code of Civil Procedure for the time being, for sales of immovable property sold in execution of decree.

3. The cost of all sales made by the Receiver shall be deducted from the sale proceeds. The Court may order the costs of proclamation and advertisements of sale, to be paid, in the first instance, out of the funds, if any, in the hands of the Receiver, and if there be no such funds, the Court may decline to order a sale, until funds are furnished by the decree-holder, or some other creditor.

Official Papers.

Abstract of Season or Intermediate Report for the Week ending 25th February 1882.

Bangalore District.—The standing dry crops are in a fair condition, but the wet crops throughout the District, except those under large tanks, are reported to be withering. Sugar-cane and horse-gram are being harvested. Prospects of season fairly good. Public health generally good. Fever and small-pox prevalent chiefly in the Closepet and Anekal Taluks. Drinking water becoming scarce, particularly in the Kankanhalli and Nelamangala Taluks where its want is much felt. Pasturage generally sufficient except in the Kankanhalli Taluk where it is scarce. Prices : rice 12 seers, ragi 24¼ seers and horse-gram 34½ seers per rupee.

Kolar District.—Standing Vaisakha crops are suffering from blight and deficient water supply in parts. In the Goribidnur Taluk, Vaisakha paddy is being sown under wells, and Bengal-gram is being harvested. Planting of sugar-cane is continued. The supply of water in tanks is diminishing generally, and small tanks are almost empty throughout. Scarcity of drinking water is being felt in eight villages of the Srinivaspur Taluk. On the whole, prospects are pretty favorable. The supply of pasturage is fair. Public health generally good. Slight fever in one taluk. Cattle disease is confined to two taluks. Prices unchanged. Rice 13 to 14 seers and ragi 28 to 32 seers per rupee.

Tumkúr District.—Paddy crops under some tanks in the Tumkúr Taluk have withered away from want of water, and in other parts of this taluk are affected by disease. In parts of the Koratagere Taluk, the wet crops are drying up for want of water and in Maddagiri the paddy crops are affected by a disease call "Sidé." In Honnavalli Taluk the Bengal-gram and the castor-oil seed crops are in bad condition. Sugar-cane, Bengal-gram and oil seed were harvested in 3 taluks. Prospects of season fair. Public health good. Small-pox prevalent in two taluks. Cattle in good condition, except in the Honnavalli Taluk, where the disease is on the increase. The supply of drinking water and pasturage was generally sufficient, except in the Honnavalli Taluk where much difficulty is experienced, necessitating cattle being driven to other places for forage and water. Prices : rice 11½ to 13 seers, ragi 26 to 36 seers and horse-gram 28 to 50 seers per rupee.

Mysore District.—Standing crops (sugar-cane) in good condition. Prospects of season fair, except as regards water-supply and pasturage. Public health good. Price of 2nd sort rice slightly risen ; that of other articles of food stationary.

Hassan District.—In the Hassan Taluk, the Bengal gram, onions, garlic and sugar-cane crops are withering, as also castor and sugar-cane in the Haranhalli Taluk. The crops in the Attikuppa Taluk are in a fair condition. Elsewhere they are good. Prospects of season fair, small-pox and fever prevalent in several parts of the District. Three fatal cases of cholera were reported. Cattle are in a healthy condition, but murrain continues to prevail in parts. The supply of drinking water is diminishing and wells have to be dug in the beds of dried tanks. The want of water is especially felt in the Haranhalli Taluk, where the supply in wells also is failing. Little or no pasturage in several parts of the District, and straw is consequently being used instead. About 170 persons left their homes for employment elsewhere. Prices : 11 to 20 seers, ragi 16 to 28 seers, and horse-gram 20 to 40 seers per rupee.

394

Shimoga District.—The dry crops in the Maidan portions are being harvested with very poor results. Sugar-cane is being milled. The newly sown sugar-cane in parts of the Shikarpur, Sorab and Ságar Taluks is just now in pretty good condition, but the want of water in Shikarpur is much felt. Prospects of season fair, except in the Maidan Taluks, where the loss of crops and scarcity of water and of fodder are causing great distress. Fever and small-pox are very prevalent. Murrain and foot and mouth disease still prevail. Prices : rice 12 to 17 seers, ragi 20 to 35 and jola 24 to 26 seers per rupee.

Kadur District.—The standing crops are : wheat, Bengal-gram and sugar-cane in Chikmagalur ; Bengal-gram, cholam and sugar-cane in Banavar ; and oil seeds, sugar-cane, Bengal-gram and cholam in the Tarikere Taluk. Those in the Maidan are sickly and in need of rain. In the Tarikere Taluk Bengal-gram is being destroyed by insects. Ballar was harvested in the last mentioned taluk, and sugar-cane and Bengal-gram in Chikmagalur. Prospects of season indifferent in the Maidan and good in the Malnad. Public health indifferent, small-pox prevalent in the Banavar and Lakvalli Taluks and in the town of Chikmagalur. Water supply deficient. Pasturage scarce. Cattle disease still prevalent in parts. Prices : rice 13 to 16 seers and ragi 22 to 28 seers per rupee.

Chitaldroog District.—Standing crops in good condition, except in parts of the Pavagada Taluk, where the paddy crop is said to be fading from want of water. Ragi, javari, navani, horse and Bengal-gram, sugar-cane, wheat and avaré were harvested. Public health good. Cattle suffered from murrain in parts. Water supply is daily diminishing. There is a sufficient supply of fodder in parts. Prices : rice 10 to 14, ragi 27 to 42 and javari 29 to 38 seers per rupee.
